SPOKANE, WASHINGTON, NOVEMBER 11, 1949

ANNOUNCEMENT

No doubt many Shorthorn breeders are wondering just why the Tom and John Byers herds are being dispersed.

We Shorthorn breeders of the Inland Empire feel that we suffer a real loss through the dispersion sale of Tom and John Byers, whose herds have ranked with the best of the Inland Empire since it was founded 22 years ago.

It was only within the last 30 days that they sold their three farms in the Spangle area and purchased a 3000 acre ranch in the Pomeroy district, together with all its farming equipment, making this dispersal necessary.

Tom and John Byers have been most discriminating in the selection of their herd sires during these 22 years of constructive breeding. Looking through the catalog you will find bulls with good pedigrees that were also very good bulls as individuals.

The cattle are presented in very good breeding conditions and should continue to improve in your hands.

I have seen this offering and wish to state that it contains many outstanding individuals that if fitted for show would stand right at the top of their classes.

I assure you that you will be pleased with the offering.

Carl Greif,
Sales Manager.

This grand sire, Calossie Mercury, also won the Supreme Championship at this same show, the greatest of all Shorthorn shows.

Calossie Mercury was imported by Thomas E. Wilson of Chicago and his get established a new record for high prices at their annual sales, as well as siring many winners at our big shows.

The great grand sire of Cluny Royal Souvenir was Calrossie Control, another winner of Supreme honors at Perth and one of the best Shorthorn sires of all time.

Cluny Royal Souvenir is still an active bull and fully guaranteed. Note the general excellence of his get in this dispersal.

Chapelton Galleon won first prize at Perth, Scotland, this past February where he was purchased for the Byers herd. I visited the Biggar herd before the sale and saw his dam and she is one of the good cows of the herd. This summer I received a letter from the Biggars on which they stated that their best 1949 bull calf was out of this same cow. We print his extended pedigree feeling that this pedigree contains the names of the best bulls of Scotland, the names of many of the best females, as well as the names of Scotland's foremost breeders, probably the best guarantee a buyer could get.

A bull purchased in Scotland carries no guarantee of any nature when imported here. This bull is a breeder and a number of the good females offered carry his service. There is an opportunity probably never presented before in America to secure a first prize bull of the great Perth show, carrying the best blood of the breed, guaranteed, somewhat acclimated, here in the Inland Empire, and at your own price. Make the most of this unusual opportunity. Buy him.
